

The BAA Radio Astronomy Section invite EUCARA to the UK in 2025

Science and
Technology
Facilities Council

RAL Space

Friday Sept 12th Date will be confirmed October 2024

Target cost €100/person

15 km south of Oxford. There is a shuttle bus service

Campus location STFC Visitor Centre

- Lecture theatre (100)
- Breakout space (1 x 30) + (1 x 12)
- Refectory
- Up to 100 attendees

Accommodation

- Ridgeway House Hotel on the Harwell campus
- B&B ~£80/night.
- 10 min walk from visitor centre

Visits (very provisional and somewhat off-topic – just ideas)

- Possible Online to a remote Radio Telescope
- RAL Space is difficult as most of their stuff is in clean rooms with limited viewing for small groups only. However, a virtual visit can be arranged with RAL Space staff.
- [The national Neutron/muon facility – ISIS](#) - is on the campus and allow visits in groups of 10 – could be interesting.
- The CLF - Central Laser Facility has a visitor centre open all the time.
